## NO AUSTRIAN SUBMARINE SANK PERSIA IS CLAIMED

Ambassador Penfield Officially Informed by Vienna Government That Disaster Was Not Caused by Any Underwater Boat Floating Flag of Austro-Hungarian Empire.

## STATEMENT MEANS NO DIPLOMATIC TROUBLE

Officials of State Department in Washington Declare Survivors Failed to Prove How Ill-fated British Line Steamer Was Destroyed—Reply to Ancona Note Will Be Sent in Near Future, It Is Believed.

By the Associated Press. Vienna, via London, Jan. 22, 3:30 a.m.—The government has informed Frederick C. Penfield, the United States ambassador, that no Austro-Hungarian submarine was concerned in the sinking of the Peninsular and Oriental line steamer Persia.

Washington, Jan. 21.—Austria's statement that no Austrian submarine was concerned in the sinking of the liner Persia probably means that there will be no diplomatic controversy between the Teutonic powers and the United States over that tragedy, in which at least two American lives were lost. Count von Bernstorff, the German ambassador, has informed the state department that no German submarine had reported attacking the vessel.

Officials of the state department have made it plain that affidavits of the survivors of the Persia failed to prove conclusively how the ship was destroyed.

The sinking of the Persia, when there appeared to be no doubt that she had been attacked without warning by a Teutonic submarine immediately after Austria had cleared up a crisis by promising satisfaction for the destruction of the Ancona precipitated a situation which few persons here believed could result otherwise than in a break in diplomatic relations.

No reply has been sent to the Ancona note, officials desiring to have all possible information regarding the Persia before proceeding further. It was regarded as probable tonight that the communication now would go forward in the near future.

## PRESIDENT CHANGES VILLA SURROUNDED, SOME OF STOPS ON CAPTURE EXPECTED PROCESSIONAL ITINERARY IS LATEST REPORT

By the Associated Press.

Washington, Jan. 21.—St. Louis, St. Joseph and Davenport included in the tentative itinerary announced last night of President Wilson's west trip through the middle west, have been eliminated and Toledo and Milwaukee substituted. The final plans for the trip during which the president will go before the people on his national preparedness program were announced tonight.

The stop as finally decided upon includes Pittsburgh, Pa., Cleveland, Milwaukee, Chicago, Des Moines, Topeka, and Kansas City.

The president and Mrs. Wilson left Washington on the naval yacht Mayflower for a two day cruise down the Potomac river and Chesapeake Bay, the president having decided to seek seclusion for the preparation of an address he will deliver January 27 in New York before a banquet of the Railroad Business association and to tentatively outline the speeches he will make in the middle west.

On the middle west trip the president will leave Washington Friday night, January 26, and will return Friday 4.

On the president's second trip about the middle of February in addition to going as far west as Denver he is expected to visit several southern cities including probably Birmingham and at least one point in North Carolina.

## SUMMARY OF WAR

The cessation by reason of heavy casualties of the Russian attacks against the Austro-Hungarians near the Bessarabian frontier; the capture by the Russians from the Turks of the town of Sultanabad, Persia, and the taking from the Germans by the British additional towns in the Kamerun district of Africa are the principal features of the fighting as contained in the latest official communications.

There also have been small engagements in Russia around Lake Baikal and in the region of Novorossiysk; artillery and mining operations along the front in Persia and Belgium and a continuation of the artillery duels and occasional infantry attacks in the Austro-Italian theatre. In none of these, however, has any great result been attained.

Although it has been reported that the Austro-Hungarians and Montenegrins are again at grips, no details have yet come through as to the progress of the fighting. It is presumed, however, that the Austrians will continue to

## NATIONAL SECURITY LEAGUE DOES NOT ENDORSE PRESIDENT

PREPAREDNESS POLICY OF ADMINISTRATION BOTH ATTACKED AND DEFENDED BY PROMINENT SPEAKERS—NAVY DEPARTMENT DECLARED TO HAVE NO BRAIN.

## ADMIRAL CHESTER IS PATRIOTIC

Senator Chamberlain Speaks on Military Affairs and Senator Phelan on "The Pacific Peril" at Night Session. Committee Named to Make Suggestions on Universal Military Training.

By the Associated Press.

Washington, Jan. 21.—Attacks upon and defense of the administration's preparedness policy again today marked the sessions of the National Security League. George von L. Meyer, former secretary of the navy; Henry A. Wise Wood, who recently resigned from the naval advisory board, and Representative J. Hampton Moore, president Atlantic Deep Waterways association, led in the day's program of addresses. At tonight's session the program included addresses by Chairman Chamberlain of the senate military committee, and Senator Phelan of California whose subject was "The Pacific Peril."

Mr. Wood arraigned the administration's conduct of foreign affairs, asserting that "we have no foreign policy at the moment." Mr. Meyer declared that the fundamental defect of the navy department was that it had no brain and Mr. Wood assailed the "repeated and continued failure" of the government to heed lessons taught by other wars and develop waterways near the coast adequate for naval strategic moves which might become necessary in wartime.

Among the administration's defenders was Rear Admiral Colby M. Chester, retired, who reminded the audience that the president alone was vested with authority to recommend to Congress naval and military improvements.

"If you don't like the way the president handles this problem," he said, "you have the recourse of turning him out of office; but so long as he is in office we should remember that he represents the entire nation and should support him in his recommendations he makes along this line." A resolution voicing the league's support of the president, introduced by Admiral Chester, was not acted upon.

For formulation of definite suggestions to congress a committee headed by Luke E. Wright, former secretary of war, was appointed. Members of the committee freely expressed their advocacy of the form of universal military training and the inclusion of that subject was forecast.

Senator Chamberlain expressed the opinion that universal military service offered the best solution of preparedness problems but the program that had been outlined by the administration might be hammered into an acceptable form.

"I am not going to discuss the navy," said Senator Chamberlain, "I want you to remember, however, that while it is conceded our navy is deficient, it is not so much because the United States has failed to keep it up to a reasonable state of preparation but because the other nations of the earth have outstripped America in the race that she ought to win."

"There is not a country in Europe that feels kindly toward us today and we know that is no use for us to try to dislodge it. So do not let any of us fool ourselves with the idea that any of the powers of Europe feel too kindly to us to wage an aggressive war on us after the present war is over."

"They say we ought not to talk about these things. Why not? There is not much of a distinction nowadays between the people and that though in my mind, I call your attention to the Orient."

"A year ago the president was opposed to any and all preparedness. Now they are blaming him for changing his mind. My friends, there is nobody but a fool who never changes his mind. I beseech you not to criticize those who are trying to do something but to help them solve a difficult problem because it is a difficult one."

Senator Phelan of California declared he had been reliably informed that the recent presence of Japanese vessels in Mexican Pacific waters was not to aid a stranded Japanese warship as stated, but for the purpose of making a demonstration in anticipation of an American protest against Japan's demands on China.

"Japan is aggressive," Senator Phelan said. "She seeks a lodgment on the Mexican coast."

"It is rumored today that her troops are in that country. She has had a warship in the waters down there, presumably crippled and has sent over a large number of her warships in order to take the crippled vessel off the shoals. But I have it from the best authority that the vessel was not crippled at all and that at the very time Japan was making this demand under the twelve articles against China and feared American protest which was made. And the fleet was

## CONFESIONS STILL BARRED BY JUDGE

### DEFENSE SCORES AGAIN IN TRIAL OF MRS. ELIZABETH MOHR FOR MURDER.

Newspaper Woman Testifies That One  
of Negroes Told Her Damaging  
Story.

By the Associated Press.

Providence, R. I., Jan. 21.—Another unsuccessful effort was made by the prosecution today in the trial of Mrs. Elizabeth Mohr and two negroes for the murder of her husband, Dr. C. Franklin Mohr, to have the alleged confessions of the accused negroes admitted as evidence against her. The court had previously ruled out this evidence as affecting Mrs. Mohr, but Attorney General Rice moved today that in view of the testimony of Geo. W. Heals, Dr. Mohr's chauffeur, which he said "showed a conspiracy" all the evidence which had been admitted only concerning Cecil Victor Brown, Henry H. Spellman, the negro defendants be now considered by the jury against the widow as well.

Judge Stearns replied that he was not inclined to change his previous ruling. The attorney general said he would renew his motion Monday.

At the hour of adjournment today Miss Gertrude Stevenson of Boston, a newspaper writer, was on the stand describing an interview with the three negroes in jail.

"Brown told me to tell Mrs. Mohr not to say anything about the motorcycle," the witness said, "adding that he would say his wife saved money enough to buy it. Heals told me also to tell Mrs. Mohr that 'if she'll stick to us we'll stick to her.'

## Drainage Congress to Meet in Memphis

By the Associated Press. Cairo, Ill., Jan. 21.—George Parsons, former mayor of Cairo, today was elected president of the National Drainage Congress. The meeting in 1917 will be held at Memphis, Tenn.

Consul Higgins to Be Transferred.

Washington, Jan. 21.—Arrangements to transfer American Consul Edward Higgins from Stuttgart, Germany, to some other country are being made today by the State department. Higgins will not be recalled or granted leave of absence. He has become objectionable to the German government because of alleged criticisms of Germany.

Heads of the various bills under consideration, General Bills said that proposed by the war department, the only one which appeared satisfactory or to contemplate a definite policy. The war college division of the general staff, he said, had fixed \$50,000 men, more or less trained, as the irreducible minimum necessary for the country's safety in the first shock of war.

The proposal to increase the regular army was the only "ideal democratic" method of building an army, but thought the country would not tolerate the proposal now. General Bliss said it was only talked of by army officers an academic question of moment.

Discussing the various bills under consideration, General Bills said that the one which could be formed to include mechanics of all kinds, telegraphers, radio operators, motor vehicle drivers, teamsters, railway men and the like.

A representative of the American legion, he said, had told him recently that 15,000 men of this sort had been listed by the organization who were willing to enlist in such a corps.

General Bills said the plan would save at least five months' time in the building up of an army of defense in a war emergency. He advocated immediate organization of a reserve corps of officers actually commissioned to the posts they would take in time of war.

General Scott said the plan would be to recognize the threats against Americans from being carried out.

They are believed to have the situation fairly well in hand now, although the chiefs who delegates met at Cordoba still are in the field, operating more or less openly.

Soon after Carranza was recognized the state department withdrew its consular officers from Nogales, Mexico and reiterated its warning to Americans to leave. Only by getting citizens of the United States away from territory not fully controlled by the de facto government, it was realized, could there be any real assurance of safety.

Few details of the Cordoba convention are known, but according to reports it lasted for several days and some of the delegations awaited probably weeks for all the delegates to appear. Apparently the call for the convention was sent out as soon as it became certain the United States was about to recognize Carranza, although it was a month after recognition actually had been accorded before the delegations got together. At that time large detachments of Villa, Zapata forces were operating in the neighborhood of Mexicali near Mexico City and it was possible for the convention to assemble and do its work with comparative safety from interruption.

Whether there is any great probability of continued conflict of action among the factions fighting Carranza officials here do not now profess to know. Some information was reached here to indicate that Carranza may be forthcoming to finance a revolution on a considerable scale with the hope of uniting the support of all the rebels but officials tonight said there were no reports to show that such a movement actually was under way.

Advice to the state department from El Paso today told of the reported capture near Chihuahua of eight bandit leaders who were taken part in the Santa Ysabel murders and said they were to have been executed to date.

No confirmation of the report that Villa himself had been taken was received and officials of both the department and Mexican embassy abandoned hope that this was true.

That Representatives of Chieftains Fighting Carranza Held Convention in November Becomes Known—Decision Reached to Continue War Against De Facto Government.

Villa, Zapata, Argumedo, Higenio Aguilar and Cedillo Brothers Among Those Making Agreement—Rumor That Money May Be Obtained to Finance Movement. No Confirmation Received of Villa's Capture.

Washington, Jan. 21.—Death to Americans in Mexico and destruction of their property, as well as war to a finish against Carranza, was determined upon, it became known here tonight, at a formal convention of Mexican revolutionary leaders held in November at a ranch near Cordoba. Present and joining in the agreement are said to have been representatives of Villa, Zapata, Argumedo, Higenio Aguilar, the Cedillo brothers and many lesser chieftains.

Meager reports of this gathering came to the state department long ago, but they were not made public and until tonight few people in Washington knew that there was a general conspiracy against Americans or even that the various rebel factions in the field in Mexico had effected any kind of an agreement for concerted activities against the de facto government.

The recent massacre at Santa Ysabel, attributed to bandits led by Villa, officers, it is believed to have been perpetrated in accordance with the rebel convention order. Officials think the time required for the various delegations to make reports to their commanders and the fact that news of the convention's decision had to be carried to subordinate military commanders by Major General Garrison, General Bliss, respectively, chief and assistant chief of staff of the rebels. Both

General Scott said the plan would be to operate independently. However, with 10,000 men and a commander like General Trevino, who despite his mere thirty-two years is a great general, Villa and any of the others can last long. Their commands are nothing but bands of bandits.

Trevino was selected as the concentrating point for the Carranza troops because of its location in the territory in which bandits are now said to be operating. Argumedo's group occupied a suburb of Torreon two weeks ago and after looting some stores and killing Howard Potter, a son of Jas. Brown Potter of Chicago, of \$10,000, departed for the northwest. Since then the city has been reported quiet.

More Bandits Executed. By the Associated Press. Juarez, Mex., Jan. 21.—A number of bandits reported captured several days ago near Guerero by General Cava- zos, were executed on the field, according to Gov. Ignacio Enriques of Chihuahua here today. The number of bandits executed was not known here.

It had been originally planned, he said, to bring the men to Chihuahua City, execute them and exhibit their bodies with those of José Rodriguez and Miguel Baca Valdez, who were recently executed. The reason for the change of plans was assigned.

Governor Enriques denied reports that eighteen bandits connected with the Santa Ysabel massacre had been brought to Chihuahua City and executed. He said that in the official report rendered to Carranza concerning the massacre the statement was made that while General Villa was undoubtedly in command of the men responsible for the massacre he was not within thirty miles of the scene at the time it occurred.

Washington, Jan. 21.—Unqualified support was given Secretary Garrison's continental army plan before the senate military committee today by Major General Scott and Major General Bliss, respectively, chief and assistant chief of staff of the army. Both amplified statements made on the same subject last week before the house committee.

General Scott said the plan would save at least five months' time in the building up of an army of defense in a war emergency. His advocated immediate organization of a reserve corps of officers actually commissioned to the posts they would take in time of war.

General Scott also urged that a quartermaster's reserve corps of enlisted men be formed to include mechanics of all kinds, telegraphers, radio operators, motor vehicle drivers, teamsters, railway men and the like.

A representative of the American legion, he said, had told him recently that 15,000 men of this sort had been listed by the organization which were willing to enlist in such a corps.

Both of the generals expressed the opinion that universal military service is the only "ideal democratic" method of building an army, but thought the country would not tolerate the proposal now.

General Bliss said it was only talked of by army officers as an academic question on this account.

Discussing the details of the various bills under consideration, General Bliss said that proposed by the war department was the only one which was satisfactory to accomplish a definite purpose. The war college division of the general staff, he said, had fixed 100,000 men, more or less trained, as the irreducible minimum necessary for the country's safety in the first shock of war.

The proposal to increase the regular army to 250,000, as suggested in Senator Chamberlain's tentative bill, he added, was wholly inadequate in itself. Moreover, he added, it was impossible to recruit a larger force than 140,000 men, as proposed by Secretary Garrison, for the regular army without increasing pay or otherwise giving added inducements.

He read a report from the adjutant general declaring that it would be impossible to recruit even 200,000 men in peace times and that the average maximum force that could be maintained was only 122,000. Recruits now cost the government \$100 a man, delivered to their regiments, the general said. He disapproved short enlistment terms to build up a regular reserve, saying this would make it necessary to recruit 200,000 or more men annually.

Discussing the continental army plan, General Bliss said it contemplated the batteries of artillery, which money would be worth all that may be expended. The day had passed when field guns are maneuvered to any extent, he said, and no consideration need be given to the question of providing horses for the guns.

Questioning both witnesses, Chairman Chamberlain brought out the statement that the bill prepared by Secretary Garrison had never been submitted to the war college division of the general staff. General Scott pointed out, however, that the continental plan had been approved by the war college in its report to the secretary.

Brigadier General McComb, president of the war college, will be examined tomorrow.

## DEATH TO AMERICANS MOTTO OF MEXICAN REBEL LEADERS

That Representatives of Chieftains Fighting Carranza Held Convention in November Becomes Known—Decision Reached to Continue War Against De Facto Government.

## SANTA YSABEL MASSACRE IS FIRST STEP

Villa, Zapata, Argumedo, Higinio Aguilar and Cedillo Brothers Among Those Making Agreement—Rumor That Money May Be Obtained to Finance Movement. No Confirmation Received of Villa's Capture.

Washington, Jan. 21.—Death to Americans in Mexico and destruction of their property, as well as war to a finish against Carranza, was determined upon, it became known here tonight, at a formal convention of Mexican revolutionary leaders held in November at a ranch near Cordoba. Present and joining in the agreement are said to have been representatives of Villa, Zapata, Argumedo, Higinio Aguilar, the Cedillo brothers and many lesser chieftains.

Meager reports of this gathering came to the state department long ago, but they were not made public and until tonight few people in Washington knew that there was a general conspiracy against Americans or even that the various rebel factions in the field in Mexico had effected any kind of an agreement for concerted activities against the de facto government.

The recent massacre at Santa Ysabel, attributed to bandits led by Villa to command of an army of at least ten thousand men, it is said, now being concentrated at that port for a campaign to kill in its inception a possible new revolt led by Francisco Villa, Benjamin Argumedo, Calixto Contreras and other anti-Carranza chiefs.

Each of these leaders so far has been operating independently. Their partisans here, however, declare they are to combine and immediately enter upon the first phase of a new revolution.

"Villa has handled 46,000 men in his career," said Governor Enriquez of Durango, Nuevo Leon and Tamaulipas, arrived at Jimenez, route to Torreon to take command of an army of at least ten thousand men, it is said, now being concentrated at that port for a campaign to kill in its inception a possible new revolt led by Francisco Villa, Benjamin Argumedo, Calixto Contreras and other anti-Carranza chiefs.

The Carranza authorities have been fully advised concerning the movements of the rebels and have been dependent upon the Washington government to take every possible precaution to prevent the threats against Americans from being carried out. They are believed to have the situation fairly well in hand now, although the chiefs whose delegates met at Cordoba still are in the field, operating more or less openly.

Soon after Carranza was recognized the state department withdrew its consular officers from Northern Mexico and returned its women to American posts. Only by getting citizens of the United States away from the territory not fully controlled by the de facto government, it was realized, could there be any real assurance of safety.

Few details of the Cordoba convention are known, but according to the reports it lasted for several days and some of the early arrivals arrived probably weeks for all the delegates to appear. Apparently, a call for the meeting was sent out as soon as it became certain the United States was about to recognize Carranza, although a month after recognition actually had been accorded before the delegates got together. At that time large detachments of Villa and Zapata forces were operating in the neighborhood of the railroads near Mexico City and it was possible for the convention to assemble and do its work with comparative safety from interruption.

Whether there is any real concern of action among the factions fighting Carranza officials do not now profess to know. Some information has reached the press that while General Villa was undoubtedly in command of the men responsible for the massacre he was not within thirty miles of the scene at the time it occurred.

Advices to the state department from El Paso today told of the report of a bandit hunt near Chihuahua City, execute them and exhibit their bodies with those of Jose Rodriguez and Miguel Baca Valles, who were recently executed. No reasons for the change of plans were assigned.

## THRILLING HOLD UP STAGED IN CHICAGO

BANDIT ROBS COOK AGENCY OF \$900, KILLS POLICEMAN AND ESCAPES.

### STREETS CROWDED AT THE TIME

Cashier Who Attempts to Get Gun Is Backed Into Vault—Officers Think Man La Trasse.

By The Associated Press.  
Chicago, Jan. 21.—A bandit, accompanied by a woman, this afternoon entered the tourist agency of Thomas A. Cook & Son, one of the busiest downtown streets, held up and wounded the cashier, killed a policeman and escaped with \$900.

According to the police, the deed was the most daring of years in this city. It was accomplished at an hour when the streets were congested with automobiles and workers on their way home. The woman did not participate in the actual robbery. She entered a taxicab through the doorway of a downtown hotel and John McCabe, driver for a big taxicab company, responded. The woman instructed him to drive to 15 East Jackson street, the Cook offices. There she waited without alighting.

Meanwhile, the robber had entered the offices. The cashier, Ernest L. Walsh, attempted to reach a revolver, but was shot and severely injured and then backed into a vault with four other employees.

B. A. Johnson, a traffic policeman, was attracted to the scene, but found that the bandit had locked the door after entering. Johnson was trying to force an entrance when the robber suddenly threw the door open and fired a bullet into the officer's heart. The bandit scattered the throng on the sidewalk and leaped toward the taxicab. He pointed his weapon at McCabe and ordered him to drive away, but McCabe jumped. The bandit hesitated a moment and then sped into an alley. The woman gazed for a moment at the face of the dead policeman and, according to witnesses, seemed about to faint, but recovered and disappeared in the crowd. McCabe was interviewed at police headquarters and allowed to return to work. The police are satisfied of his innocence.

Chief of Detectives Hunt declared tonight he was convinced the bandit was William LaTrasse, who escaped November 22 last from the Kansas state penitentiary at Lansing, Kan., where he was sent in 1913 to serve a twenty-one year sentence for robbery. The entire Chicago police force was instructed to look for LaTrasse and Chief Hunt assigned every available detective in his department to special work on the case. LaTrasse is known also as George Whiting and William Vandolah. It was said here.

The easy escape of the woman was explained by those who called at the detective bureau by the fact that they thought the robber had attempted to run off with a machine already legitimately occupied. She left a parasol in the car. She was well dressed, weighed about 120 pounds and appeared to be in the early twenties.

A large number of witnesses called at the detective bureau with descriptions of the fugitive. Several of them said they saw a remarkable resemblance of the photographs of LaTrasse to the robber. LaTrasse is about 35 years old, 5 feet 9 inches in height, weighs 145 pounds and has black hair and brown eyes.

Edward Stone, the Chicago manager: Miss Gertrude Plosnay, a stenographer, and Walsh were in the office when the robber entered.

"Get out of here—get out of here quick," commanded the intruder and all except Walsh moved toward the door to the street. Walsh reached for his weapon and was shot. The others were then backed into the vault and Walsh, still on his feet, was shoved into after them.

The dead policeman was 32 years old and married.

The crowd attracted by the tragedy blocked all traffic on State and Jackson streets for some time. Several persons attempted to pursue the bandit, but soon gave it up.

## ESCAPED GERMAN SPY BELIEVED HERE YET

SECRET SERVICE MEN THINK "GROUP B" AIDED LINCOLN IN GETTING FREEDOM.

## SAYS WILL GIVE UP FOR IMMUNITY

Stories of His Association With Paul Koenig Is Denied by Federal Officers.

By The Associated Press.  
New York, Jan. 21.—Federal secret service agents received information today which convinced them that Ignatius T. T. Lincoln, self-confessed German spy and former member of the British house of commons, was aided in his escape from a United States deputy marshal last Saturday by "Group B," a powerful organization of European political refugees. The government agents also were satisfied that Lincoln has never left New York City since his release from prison and that his boast that he has walked the streets of Manhattan since his escape is not an empty one.

Following two fruitful communications to a morning newspaper defying the government to recapture him, Lincoln sent a letter today to Supt. W. H. Coffey, head of the local bureau of investigation of the department of justice. In his letter he offered to surrender if he was promised immunity.

This was taken to mean that he wanted a pledge from the United States government that he would not be turned over to the British authorities. Before his escape an order was issued for his extradition as a fugitive but Lincoln has always insisted that the English government intended to shoot him if he returned.

"Group B," the organization which federal agents believe arranged Lincoln's escape and is now harboring him, is a body that was formed in this country in 1872. It is said to include in its membership several well known European political exiles.

Lincoln became prominently into public notice some years ago when it went to the aid of Jan Poreur, a Russian political exile whose extradition was demanded by the Russian government on the ground that he was a murderer. Poreur had attempted to start a revolution in the Baltic provinces of Russia. Theodore Roosevelt was then president and "Group B" succeeded in obtaining an order from him for Poreur's release.

Secret service men said today they had learned that several members of "Group B" had visited Lincoln when he was held in Raymond street jail in Brooklyn. It also was recalled that the fugitive was in the company of some of the group at the time of his arrest.

Stories of his association with Paul Koenig, chief detective for the Hamburg-American line, and others who have been indicted for their alleged participation in German conspiracies in this country, were denied today by secret service officials.

## Insurance Companies Want Portion of the Lusitania Indemnity

By The Associated Press.

Washington, Jan. 21.—Notice that several insurance companies will claim a part of any indemnity Germany may pay on account of the loss of life on the Lusitania has raised a question which state department officials say there is no precedent. Heirs of many of the Lusitania victims already have presented claims. Final decision as to whether insurance company claims on account of policies paid out shall take place when the trial of the case is adjourned.

It was stated that all train service from the north and west was suspended today because of high water.

During the heavy rain last night a Frisco passenger train left the track between Schulte and Okmulgee, the engine, tender, baggage car, chair car and smoking car tipped over. A wrecking train went out from Sapulpa. It is believed that no one was seriously injured.

The following oil companies lost tanks of oil as the result of the tanks being struck by lightning in the Healdton field last night:

Ardwold company two tanks, Glennwood company five, Roxana two, Malone one and Gunsberg and Forman five.

The ownership of six other tanks which were destroyed has not yet been determined.

### FIVE LIVES LOST IN OKLAHOMA STORM

MANY OIL TANKS IN HEALDTON FIELD DESTROYED BY LIGHTNING.

Train Service Suspended at McAlester and Wreck Reported Near Okmulgee.

By The Associated Press.

Oklahoma City, Okla., Jan. 21.—Reports received in Oklahoma City to-night indicate that the damage done by the storm which swept over the state last night and early this morning was the greatest in Murray county and in the oil fields.

Five persons are known to have been drowned in Murray county during last night. The dead are:

JAMES SHENNY, a recluse bachelor, who lived near Sulphur.

MRS. EDWARD CLEVELAND AND THREE CHILDREN, who lived on a farm south of Sulphur.

Shenney's body was recovered today, three miles below Sulphur, where it had been washed by the flood that passed down Rock creek. The body of Mrs. Cleveland was recovered from the Washita river this morning.

Platt National park at the edge of Sulphur, was inundated and the water spread over a large portion of the town. The electric light plant was inundated and water was three feet deep in the Frisco and Santa Fe railroad depots. Several hundred persons were rescued from roofs of houses. The flood was caused by a cloudburst north of Sulphur.

In the Healdton oil fields nine tanks filled with oil were struck by lightning, the oil ignited and burned. All day long a cloud hung over the oil field.

Telephone communication with the field was destroyed and had not been restored tonight. Neither the names of the tanks or the monetary loss involved could be ascertained today.

Stories that Lincoln had been associated with Paul Koenig, chief detective for the Hamburg-American line, and others who have been indicted for their alleged participation in German conspiracies in this country, were denied today by secret service officials.

Officials pointed out today that where insurance was paid on cargo, indemnity for its destruction usually went to the insurance companies rather than to the owners, but it was said there were many arguments in justifying a different course in the case of loss of life.

A telegram from McAlester tonight stated that all train service from the north and west was suspended today because of high water.

During the heavy rain last night a Frisco passenger train left the track between Sulphur and Okmulgee, the engine, tender, baggage car, chair car and smoking car tipped over. A wrecking train went out from Sapulpa. It is believed that no one was seriously injured.

### Lack of Coal Stops Egyptian Campaign

By The Associated Press.

London, Jan. 21.—Germany's campaign in Egypt is meeting with unexpected obstacles, it is announced here, due to the lack of coal to operate the engines of the army. The Germans have concentrated southward through Syria to the edge of the desert approaching the Suez canal. The construction of the railroad had been largely facilitated by French rails and material for a similar line which was partly constructed, but the absence of coal prevents the actual opening of the road to transportation.

This lack of coal has led the Germans to reopen the old Turkish mines in Syria used by the Romans, but abandoned by them a thousand years ago. The capacity of these mines is limited to 500,000 tons annually. A large force of Turkish laborers is engaged in developing the mines, which are now the chief reliance in getting the railroad to Egypt in operation.

over. I verily believe to make a demonstration; but, happily for us (and America is singularly fortunate in all its affairs) other nations like England and France joined in the protest against the demands made by Japan upon China; and because our protest was so forcible that fleet withdrew from our coast.

We were not prepared even to meet that fragment of the Japanese fleet, which could have put our cities under tribute and sailed away.

"Our country is not sufficiently safeguarded upon the Pacific coast. We harbor no ill wind toward our neighbor.

The Oriental people have a most excellent field to exploit and there is no need that they should come to this country to do it. We should impress upon them politely that we wish to be let alone."

Samuel Gompers, president of the American Federation of Labor, sent a letter to the league read at its last session in which he reiterated his recent assertion that organized labor favored an adequate national preparedness policy which would insure equal opportunity to all enlisting in the contemplated naval and military forces.

Three more night riders were sentenced today. Dick Gamble and John Elder, both having been found guilty, to two and three years respectively in the penitentiary, and John Osborne, who pleaded guilty, to two years in the penitentiary. A total of eighteen night riders have now been sentenced. A jury was out tonight with the case of Dan and George Rials. The cases of forty-seven are yet to be heard.

Among the witnesses and spectators at the trials are many members of the Home Guards of Gideon, Mo., Clarkton, Mo., and other towns which have organized military companies as a protection against mass attacks by the night riders.

It is probable that during the trials which are expected to last through several weeks the visiting guards will co-operate with the local citizens committee in patrolling the city at night.

Saloniki Consuls of Central Powers Will Be Released

El Paso, Jan. 21.—Twenty-three persons were killed near Puebla recently when a passenger train was blown up, supposedly by Zapata adherents, according to A. J. Trumbo, wealthy mine owner of the state of Oaxaca, Mexico, who arrived here today.

Only one passenger survived, it was reported. The train which was blown up, Mr. Trumbo said, was immediately ahead of the one on which he was traveling from Mexico City.

"Several volleys were fired into our train," added Mr. Trumbo, "with his wife, tonight left for Los Angeles. With them when they arrived was H. C. Tanner of Mexico City, who is convalescing from a bullet wound inflicted, he said, by a military officer when Tanner resisted insulting references to the United States.

In the party also were Mr. and Mrs. Ward Haymore of Douglas, Ariz.

The party had only dry tortillas to eat during the journey and at every stop officers demanded money. One officer took Mr. Trumbo's coat.

Mr. Trumbo's story of the blowing up of a passenger train near Puebla with twenty-three casualties is the first intimation of such a tragedy to reach the border.

General Martinovich Leads Montenegrins

By The Associated Press.

London, Jan. 21.—The King of Montenegro, said a dispatch to the Exchequer from Rome, has entrusted complete command of his army to General Martinovich.

The report in London has been general that it was General Martinovich who headed the army in a revolt against the king's attempt to arrange a peace with Austria.

Mr. Rose urged the business men to keep in closer touch with the federal government and emphasized the importance of business interests becoming better acquainted with trade conditions abroad. Mr. Rose will visit a number of other southern cities.

**Sunday School Contest Closed With Banquet**

Members of four Wesleyan classes of the Fifth Street Methodist church Sunday school dined in the church last night, the occasion marking the completion of a sixty-day membership contest. The two winning classes were guests of the losers. Mrs. MacDonald and C. J. Clanton are teachers of the winners, the losers being led by Miss Attie Wiley and Mrs. S. M. Kirkpatrick.

Sam Knight acted as toastmaster, being responded to by the pastor, Rev. Dr. John R. Morris; Horace Williams, Miss Willa Bell Dromgoole, Miss Olga Huddleston, George Owen and Miss Attie Wiley. Seventy-five couples took part in the affair.

**CITY NEWS BRIEFS**

Dan Cudip failed to show his hand in Waco yesterday, not a single marriage license being issued by County Clerk John W. Baker.

Pleasant weather yesterday caused post tax payments to boom, all receipts being issued by County Tax Collector Lee R. Davis and his deputies, an increase of \$5 over the 225 issued on all day last year.

The local office of the Western Union Telegraph company, has been advised that the reduced rates on the week-end cable letters, which were discontinued ten or fifteen days ago on account of interruptions by storms on the English coast, have been restored and week-end cable letters filed on Saturday night now will be delivered on Monday. Other reduced rate services will be restored as conditions permit.

**TWELVE YEARS OF FAILING HEALTH**

Brought to Happy End. Says the People in Three Counties Know What Cardui Did for Her.

Weaverville, N. C.—Mrs. Abbagail Hampton, of this place, says that about 12 years ago she began to take Cardui after having been in failing health for 12 years, during which time she had to take her bed four days out of each month, and suffered agony, that the doctors told her she must have female trouble and gave her medicine which did her no good and finally insisted on her going to a hospital for treatment.

She goes on to say: "I am a large woman, and my ordinary weight, 150 pounds, went down to 125. I got so bad I just dragged around and could scarcely sit up—My neighbors all thought I was going to die and would say I couldn't live long. My little daughter thought the same."

"My husband and friends urged me to try Cardui, and he bought me some of it. I began feeling better as soon as I began taking it, and steadily improved until I was well and strong. I made my garden, do my housework and have cooked for 20 boarders at one time. Am a strong, healthy woman, permanently cured by Cardui. My husband and I can't say enough for Cardui.... The people in three counties know what this medicine has done for me, for neither I nor my husband ever cease praising it."

Cardui is for sale at all druggists with full directions for use. Try it.

**CHICAGO AUTO SHOW AGAIN IN PROGRESS**

**EXHIBITS AND ATTENDANCE BID FAIR TO EXCEED RECORD BREAKER OF 1915.**

More than 300 Manufacturers Represented—Marked Improvement in All Exhibits.

Special to the Morning News.

Chicago, Jan. 21.—The annual Chicago automobile show held by the combined American motor car manufacturers opened here today in the coliseum.

In size, exhibit and attendance the 1916 show bid fair to outrun all other. On every hand only the most prosperous "prosperity" stories are heard among the factory officials that never in the history of the industry hope so for this means humane treatment of man and beast.

Woman's present day high boot with colored tops is a suggestion of the Russian army leggings.

Waco already has attracted attention for her general civic beauty. We hope those who made comment were buried by some of the neglected yards and dilapidated fences. Why not every decent woman do her part towards paring our little city? This means an attractive yard before every home.

The Morning News reminds all that the daily hour for closing the woman's department is 3 o'clock. Those who have notices are urged to keep this in mind.

The beautiful crimson and white carnations, daughters of the Confederacy colors, found their way from Mrs. Artemus Roberts, the Wednesday house party as president of the other chapter, Henry Downs, Daughters of the American Revolution.

With Colonial Dames, Daughters of the Confederacy, and individual members of the Republic, and individual members of the Woman's Relief Corps, it does look as though combined effort might give the citizens here a few more glimpses of the Mary West Chapter.

Men ready to pass criticism upon the shortness of woman's present day skirts, should bear in mind that just a few seasons ago, they were giving the same criticism to the longness of those same skirts. Again, it is remarkable that fashion even follows current event, and the abbreviation of the skirt, be it good or bad, is following the idea of the men in the trenches, and their facility in walking over into unbroken ways. This same idea is what widened woman's skirts.

In the few days with former home friends, Charles Richardson is being entertained both formally and informally in Beaumont. In returning early within the coming week Mrs. Richardson will be accompanied by the two elder daughters, the Misses Maud and Claire Richardson, who attend high school. Miss Maud Richardson is specializing in manual training with view to being a professional woman architect.

Again we are reminded that Waco hosts owe it to their guests to tell exactly what the nature of their entertainment is. The withholding of this comes from the modest impulse of the hostess. But she does not realize that she places her guests at disadvantage, when she leaves the im-

pression that her party is to be informed of her guest dresses according to and perhaps finds herself not appropriate to the affair and this makes her ill at ease.

In giving an invitation, it should be definitely stated what is to be. The guest owes it to the hostess to be appropriately dressed, and the hostess owes it to guest that she be accurately dressed.

How is this? Early Order Club prospering? Is the membership full? We hope so, for this means humane treatment of man and beast.

**Society Notes**

Not only was Mrs. Thomas McCullough present as member with Mrs. Louis West Chapter in its session with Mrs. Artemus Roberts, but she was in the house party as president of the other city patriotic chapter, Henry Downs, Daughters of the American Revolution.

Society is all alert to hear that interesting wedding announcement which those who know say is all ready to be made.

Three valued members, the Mesdames Thornton Price, Edith Lessing and Araminta Branson, all being detained by illness from the Mary West Chapter, with Mrs. Artemus Roberts, living though was sent in blooming plants.

Those who enjoyed the pithy philosophy in the stories of Omar Khayyam will be glad to receive a new Rubaiyat collection of replies to the same. Omar. The general tenor is refutation of the materialistic view of Omar and a forceful argument for religious faith.

Men ready to pass criticism upon the shortness of woman's present day skirts, should bear in mind that just a few seasons ago, they were giving the same criticism to the longness of women's same skirts.

Again that fashion ever follows current even, and that the abbreviation of the skirt, be it good or bad, is following the idea of the men in the trenches, and their facility in walking over hills and erred unbroken ways. This same idea is what widened woman's skirts.

Chicago, Jan. 21.—The annual Chicago automobile show held by the combined American motor car manufacturers opened here today in the coliseum.

In size, exhibit and attendance the 1916 show fair to far outstrip all other. On every hand only the most prosperous of the factories officials in this, the mecca of the world's greatest industries, in addition to the main coliseum, the annex and first regiment armory are required to hold their displays. Those who have notices are urged to keep this in mind.

The automobilists, Daughters of the Confederacy, Daughters of the Republic, and individual members of the Woman's Relief Corps, it does look as though combined effort might give the citizens here a few more glimpses of Old Glory.

The Henry Down Chapter will oblige with a costume party, details to be more definite nearer the date.

Mrs. Gaylord Beabout, at the Virginia Street Place, will be hostess to

the Press club on Tuesday.

Notice to Subscribers.

Delivery routes in the City of Waco and the names of independent carriers who buy their papers at wholesale prices. Subscription accounts are due them first. The Waco Morning News is the most heavily backed, not only to give to the paper its delivery service, but to pay for their papers each month. Their remuneration is the difference between the price of the paper and the retail price which they receive from subscribers. This margin of profit is such that they cannot afford to be "courtesy first."

The Post is unable to fathom where the News gets its information that that portion of the public which opposes statewide prohibition are generally agreed if a fair and full expression of sentiment of the people of this state could be had the state would go dry the next time a vote is taken upon it.

The Post is generally fair in its discussions, but when it makes the statement that this paper includes among the "liquor people" all persons who are opposed to statewide prohibition it assumes a liberty of interpretation that is wholly unjustifiable and makes a very plain misstatement of fact.

This paper has always recognized that there are many high-minded, conscientious anti-prohibitionists who have no identification whatever with the liquor interests and who would spurn alignment with corrupt influences as vigorously as any prohibitionist. In our reference to the "liquor people" we meant those identified actively with the liquor business and the Post had no right to presume otherwise.

Now as to the liquor interests being afraid of a fair and full expression of the people of this state upon the subject of prohibition, we would ask the Post if they are not afraid of such an expression of the people's will at the ballot box, why do these interests expend so much money in an effort to defeat submission and thus forestall such an election? We have a tip that we regard reliable—it will be developed officially later, we are informed—that the combined liquor interests expended \$1,600,000 in this state in 1914 to defeat submission and the prohibition candidate for governor. Is that not an indication that those who are identified with the liquor business are afraid of the fair and full expression of the sentiment of the people on this question?

But that our position may be fortified with something more than mere deductions we would call the attention of the Post to the following letter sent to liquor dealers of Texas in December, 1913, by G. H. Luedde of this city, local and district agent of the Fusch Brewing association:

"Gentlemen: I am writing you about a very important matter. I want you to regard same as confidential and personal and as an urgent message for you to act upon immediately.

"As you know, the liquor business in Texas is being assailed from all sides and is threatened to destruction every time there is an election in this state. The last statewide election in Texas was won by the antis by a very small margin, due, we think, to the fact that the antis were not aware of the danger and did not vote or were unprepared with poll taxes and could not vote.

"If we expect to be in business in Texas longer than next year we must see that all our anti friends pay their poll taxes and to that end we are starting a poll tax campaign among the antis.

"We want you to assist by sending at once—and we mean by return mail—to the writer a list of all parties with their addresses to whom you have made shipments of beer or whiskey by freight or express in the last year or eighteen months. Now, don't say this is too much work; we know it is work, and if you have a list that requires the services of a stenographer in getting up, employ one and let me have a statement of the expense. This is important work. We ought to be able to reach with your list and the list of the retail liquor dealers, 100,000 voters in Texas, and as Texas went wet by less than 10,000 votes, you can see how important a work this is. If you haven't but a half dozen names, let us have them. If you have 10,000, let us have your list. We will return your list as soon as our envelopes are addressed.

"We have heard of speedy justice and longed for its fuller application in this state, but it remains to Minnesota to furnish a forcible example of A. Frederick T. Price, convicted of wife murderer at Minneapolis, was sentenced to life imprisonment at 10:30 o'clock and at 11:15 o'clock was on his way to the penitentiary.

"While New Orleans claims to be a city it has some of the easiest suckers we have heard of in a long while. A faker posing as Gov. T. C. Rye of Tennessee was banqueted by a bunch of Crescent City business men last Saturday, who honored hogos drafts for him for \$62.50.

In the hope of bringing the country and the town closer together, the Iascan Commercial club is arranging a series of band concerts to be given at a number of country school houses in its trade territory.

There is a rumor to the effect that membership in the Oklahoma Bank Robbers' Association is about as extensive as in the Oklahoma Bankers' Association and equally profitable.

Dallas has a number of candidates for United States senator. Some of them are not very well known, and others would run better if they were in the same predicament, in the opinion of the Waxahachie Light.

## ARE THE TEXAS ANTIS SCARED?

This from the Houston Post:

"In sounding the call to arms in accordance with the announcement of Dr. A. J. Barton, superintendent of the Anti-Saloon League of Texas, that effort will be made to have another statewide prohibition election in 1917, the Waco Morning News says that the liquor people are generally agreed that if a fair and full expression of sentiment of the people of this state could be had the state would go dry the next time a vote is taken upon it."

"Of course the News under the head of 'liquor people' includes all persons who oppose statewide prohibition in the belief that our present system of local option laws are far more effective in restraining the evils of the liquor traffic than a statewide law would prove to be, in which contention they are amply supported by the experience of several states that have tried the experiment of statewide.

"The Post is unable to fathom where the News gets its information that that portion of the public which opposes statewide prohibition are generally agreed if a fair and full expression of sentiment of the people of this state could be had the state would go dry the next time a vote is taken upon it."

The Post is generally fair in its discussions, but when it makes the statement that this paper includes among the "liquor people" all persons who are opposed to statewide prohibition it assumes a liberty of interpretation that is wholly unjustifiable and makes a very plain misstatement of fact.

This "courtesy first" movement, giving evidence of a definite willingness to admit and respect the rights of those who walk to use the public streets as their necessities demand, may very well produce the desired effect.

A better understanding—co-operation—between the two classes of the public, a mutual recognition of the rights of each by the other and thorough obedience to the laws and regulations made for the protection of both are essential in bringing about the safety of all. It is quite possible that this desirable state can be reached better by educational work to impress on members of each class his obligations rather than by emphasis of duties under the law and of penalties for non-obedience.

The old Methodist church at Leavenworth, Kan., known as the "cradle of prohibition," and opposite which stood a saloon that remained open on Sundays, thus starting the prohibition movement in the Sunflower state many years ago, is to be torn down, but the fabric of prohibition to which this church gave existence will remain as long as Kansas remains and the blessings which it confers will grow larger and larger as the years go by.

The power of publicity is illimitable. The metropolitan papers of the East have poked so much fun at Cyclone Davis' muffle that he has thrown it away and is now wearing a collar and tie. Having made such marked progress in so short a time we would not be surprised to see the sage of Sulphur Springs donning full evening clothes and attending state receptions before his term expires.

Since the Culebra cut has been slogging so often, an inquisitive subscriber writes to ask if it is not probable that the passageway has become almost as slick as the politicians themselves, and to inquire if it is possible that any politics entered into the construction of that particular portion of the Panama canal. All of which inquiries are respectfully referred to Teddy Roosevelt.

D. S. Landis, federal weather observer at Fort Worth, told the doctors of that city that damp, gloomy weather tends to produce physical and mental restlessness that results in crime. The legal authorities should see what inducement they can offer the weather man to send only such brands of weather as are conducive to peace and order.

We have heard of speedy justice and longed for its fuller application in this state, but it remains to Minnesota to furnish a forcible example of A. Frederick T. Price, convicted of wife murderer at Minneapolis, was sentenced to life imprisonment at 10:30 o'clock and at 11:15 o'clock was on his way to the penitentiary.

While New Orleans claims to be a city it has some of the easiest suckers we have heard of in a long while. A faker posing as Gov. T. C. Rye of Tennessee was banqueted by a bunch of Crescent City business men last Saturday, who honored hogos drafts for him for \$62.50.

I. & G. N. ROAD ASKS  
INJUNCTION IN FALLSLEGAL FIGHT IS COMMENCED  
AGAINST COLLECTION OF TAXES  
ON INTANGIBLE ASSETS.

Marlin and Surrounding Territory Is Visited by Rain and Thunder Storm.

Special to the Morning News.

Marlin, Jan. 21.—District Clerk Jas. D. Barton has received papers from the attorneys for the L. &amp; G. N. Rail way company asking for an injunction against the county just now commissioners and the collector of Falls county to prevent the collection of several thousand dollars by these officials, the amount assessed as intangible assets-taxes against that company.

District Clerk Barton has not yet seen the papers in the case, as they appear to have arisen in a difference in the intentions of the attorneys over just who the proper person is that should be served with the papers, the company apparently being desirous of having the papers served upon only one person.

Rains Over Falls County.

Special to the Morning News.

Marlin, Jan. 21.—A general rain and thunderstorm visited Falls county last night, accompanied by a brisk wind. The rainfall at Marlin was 2.75 inches, while reports from Riesel, Pecos, Mart, Durango, Chilton, Mooreville, Strangler, Rosebud, Reagan, Lott, Oenaville all indicated heavy rains, while Reagan reported a regular flood. It is generally believed the rain will be worth much to the farming interests of the county.

Agreement in Breweries Suit.

Special to the Morning News.

Austin, Jan. 21.—An agreement has been made by opposing counsel in the suit of the state against Texas breweries whereby the defense will not contest the authenticity of letters and other documentary evidence which the state will offer in evidence next week when the suit is called for trial. The suit is set for Monday in the court of Hopkins county. The defense, however, will have to contend such documents on their admissibility on grounds of irrelevancy or immateriality.

Attorney General Looney and several of his assistants will leave for Sulphur Springs tomorrow. The trial is set for Monday in the court of Hopkins county. The defense, however, will have to contend such documents on their admissibility on grounds of irrelevancy or immateriality.

## HONORING PUBLIC SERVANTS.

There appears to be something in our make-up which renders it much easier to criticize faults and other shortcomings than to commend virtues and other good traits, especially in our public servants. There are some public servants who very modestly declare that when they have performed their duty they have done nothing more than fulfill their contract with the people, and that their salary constitutes their compensation. And while this is true, technically speaking, there is no doubt that our public servants would go about their duties much more cheerfully and would put forth their full energies much more readily if they felt that they had the appreciative support of at least a large portion of their constituency.

Banquets, receptions and other functions in honor of presidents, governors, members of congress and justices in high courts are all very common, just as they are very proper, but the more common officials—more common because more numerous and in our midst more regularly—are overlooked frequently when it comes to showing appreciation of services well performed. But the people over at Longview are an exception to the rule. They have a mayor—G. A. Bodenheim—who has made them a very valuable public servant and feeling that he was entitled to a public recognition of this fact they gave a banquet in his honor on Thursday night at which gathered not only the home folks of Longview, but quite a number of distinguished men from other cities of the state.

We do not know what Mayor Bodenheim's plans for the future are, but we feel assured that if he retires from the position which he has filled so acceptably to his people it will be easier to induce other well qualified men to offer for the place now that the people of Longview have demonstrated that they are willing to show their approval of good service as well as to register their disapproval of service that is not up to par. More active participation in local politics by the leading citizens of the city everywhere and a larger disposition to support men who are called upon to assume public office would no doubt result in bringing forth as candidates for office many more men of large qualifications who do not now care to run the risk of being defeated by an inferior man when the general public is indifferent as to voting, and when it is more disposed to criticize failures and blunders than it is to commend successes and good movements.

E. C. Converse, multimillionaire of Greenwich, Conn., has set apart 1,500 acres of land as a bird sanctuary, whereon he will encourage the conservation of bird life in general and give special emphasis to the perpetuation of insect eating birds.

Judge John D. Robinson of Bell county has resigned his position as district judge in order to make the race for congress. McLennan county has a candidate for the same place who might with propriety pursue the same course.

R. E. Burt of Houston has given \$10,000 to the \$250,000 education fund which the Baptists of Texas are trying to raise within the next sixty days. There are other Baptists of the state who might with perfect ease do as much.

Dallas has a number of candidates for United States senator. Some of them are not very well known, and others would run better if they were in the same predicament, in the opinion of the Waxahachie Light.

## ARE THE TEXAS ANTIS SCARED?

This from the Houston Post:

Nothing that you can do will assist more materially or effectively in your remaining in business than this work, which we request for \$6.25.

## Agreement in Breweries Suit.

Special to the Morning News.

Austin, Jan. 21.—An agreement has been made by opposing counsel in the suit of the state against Texas breweries whereby the defense will not contest the authenticity of ledgers and other documentary evidence which the state will offer in evidence next week when the suit is called for trial. The suit is set for Monday in the district court of Hopkins county. The defense, however, will have to contest such documents on their admissibility on grounds of irrelevancy or immateriality.

Attorney General Looney and several of his assistants will leave for Sulphur Springs tomorrow. It will take at least a week for the state to read all of its testimony into the record, and then the brewery will offer their testimony. It has been generally understood that there is to be a compromise judgment but whether or not this is true, all the testimony will be read into the record, this being a demand of the attorney general. According to reports, if there is a compromise judgment the fine to be paid by the breweries will be approximately \$250,000, forfeiture of charters and payment of court costs.

## Many "Aspirin" Tablets Seized.

Special to the Morning News.

Austin, Jan. 21.—State Pure Food and Drug Commissioner R. H. Hoffman, following a campaign against the sale of a substitute for acetyl salasylate acid, known to the trade as aspirin, has seized 200,000 five-grain tablets of the substitute, the seizures having been made in nearly every large city in Texas. Several thousand pounds of an adulterated aspirin powder compound have also been seized. This is the first case of adulteration of drugs and magnitude that has come to the notice of the Texas pure food and drug department and, according to Commissioner Hoffman, the fraud has been practiced by a well organized band of men, who have cleaned up a large amount of money.

## Shippers' Committee Gets Busy.

Special to the Morning News.

Austin, Jan. 21.—The resolutions committee of the Shippers and Commerce Traffic association today formulated a letter which was presented to the railroad commission asking for approval for an expenditure of \$3,000 to be paid counsel to bring the Shreveport case in behalf of the shippers of Texas.

The commission had the letter under consideration this afternoon and it is expected that a decision will be announced tomorrow morning. General impression is that favorable action will be taken. However, there was a report in circulation this afternoon that some of the issues were being debated by the members of the commission.

## Rates on Turpentine Raised.

By the Associated Press.

Austin, Jan. 21.—An increase of fifteen per cent was made today by the railroad commission in its tariff on turpentine and resin, in carloads and the advance becomes effective on February 15. The present rate for distances of twenty miles and less six cents and this was advanced to seven and for distances of 200 miles and over the rate was advanced from fifteen to seventeen cents on turpentine and on resin the advance for distances of 250 miles and less was from four to four and a half cents and for 250 miles and

over from twelve to fourteen cents.

The minimum weight per car was increased from 24,000 to 30,000 pounds.

The present special rates were retained.

## Robertson Law May Be Voted On.

By the Associated Press.

Austin, Jan. 21.—The state democratic executive committee will be asked to submit to the democrats of Texas in the July primary the Robertson law for their approval or disapproval. The forty-fifth legislature would be expected to be governed in the matter by the decision of the people and the state democratic platform was written according to the decision of the people under the plan outlined here today by W. L. Hill of Huntsville, one of the leaders in the Texas house of representatives against the Gibson bill in the last legislature and at present a candidate for the state senate from the district to succeed C. W. Nugent, who will not stand for reelection.

## Texas Company Charter Amended.

By the Associated Press.

Austin, Jan. 21.—An amendment to the charter of the Texas company, of Houston was today approved by the secretary of state's department and provided for an increase in the company's capital stock from \$30,000 to \$37,000,000. The number of shares were increased from 300,000 to 370,000 at \$100 each. This increase was authorized at a special meeting of the stockholders held on May 1, 1915.

## Shake-up in Dallas Police Force.

By the Associated Press.

Dallas, Jan. 21.—Rumors early today of an impending "shake-up" in the police department were followed by the transfer of Henry Tanner, chief of detectives to a police captaincy and the transfer of Police Captain Louis Turley to chief of detectives. Nothing was given out at the police commissioners' office as to proposed changes in order to control the local crime situation which has been aggravated in recent months.

## Judgments in Anti-Trust Suits.

By the Associated Press.

Austin, Jan. 21.—Judgments were entered today in two anti-trust suits of the state against the Palestine Ice Fuel Gin company and the Anderson County Cotton Oil company of Palestine, penalties being \$500 in each case. The state also obtained an injunction perpetually restraining these corporations from operating under the same management and also from regulating the sale of cotton seed, as had been complained of by the state.

## More Indictments in Fort Worth.

By the Associated Press.

Fort Worth, Jan. 21.—Twenty more indictments, alleging unlawful writings of narcotics prescriptions, were returned against five Fort Worth physicians. All had been indicted and several convicted. The new indictments are supposed to be ordinary Quinine. Does not nauseate nor cause nervousness, ringings in the head. Try it for any purpose. Ask for 2-ounce original package. The name PEERLINE is blown in bottle. 25 cents.

## Fire in Colorado Gin.

Special to the Morning News.

Colorado, Jan. 21.—Fire of unknown origin caused a damage of about \$75 to the boiler room of the gin belonging to the Continental Oil and Colorado Gin company yesterday. The gin closed down for the night at about 7 p.m.

## Heavy Rain at Mart.

Special to the Morning News.

Mart, Jan. 21.—A slow drizzling rain began here yesterday followed last night by a heavy rain.

## Ministerial Meeting at McGregor.

Special to the Morning News.

McGregor, Jan. 21.—The Methodist ministers of the Gatesville district held a two-day institute which begins Thursday night and will go through Friday night. About twenty preachers are to be here and an unusually interesting program will be carried out.

## Largest Inheritance Tax.

By the Associated Press.

Austin, Jan. 21.—The largest inheritance tax paid into the comptroller's department for months was returned today by Robert Maud, tax collector of Travis county, from the estate of Thomas D. White. The inheritance tax amounted to \$8,219.59. Each of seven persons under the will received \$43,749.65.

## Mexican Woman Burned to Death.

By the Associated Press.

Lockhart, Jan. 21.—A Mexican woman on the Teas farm near here was mortally burned today when her clothing caught fire while she was cooking. Death followed soon.

## Rain at McGregor.

Special to the Morning News.

McGregor, Jan. 21.—The rainfall here for the last 24 hours amounted to 1.9 inches. The greater portion of this fell last night, accompanied by a heavy electrical storm. This rain will doubtless benefit the grain crop, which now appears to be damaged considerably by the recent freeze.

## Walton Allowed Bail.

By the Associated Press.

Paris, Jan. 21.—Efforts were being made today to make bond in the sum of \$5,000 for T. L. Walton, charged with the murder of Pauline, his 17-year-old daughter last December, after he had waived examining trial last night. By an agreement between attorneys, Walton was allowed \$5,000 bail.

## Robert Hickman Acquitted.

By the Associated Press.

San Angelo, Jan. 21.—Robert Hickman, on trial here for murder of T. A. Griffiths at Bronte, Texas, a year ago, was acquitted early today here by a jury that had the case all night. Griffiths at the time of his death was under indictment for the killing of Will Hickman, a brother of the defendant, Robert.

**Burglary Added to Charges Against Speedy White Man**

Additional complaints charging burglary will be filed against a white man held in the county jail as result of investigations made yesterday by Detective Sam Sheppard. The man was booked on charge of malicious mischief. Yesterday after being captured by Officers Jackson, Craven, Brandon and Sumner in chase of more than a mile through plowed fields in the Edgefield neighborhood.

The man is charged with breaking into the barn of L. H. Stolle, 1814 South Third street, and making off with two laprobes. The laprobes were recovered yesterday by Detective Sheppard. The man was first arrested on a charge of defacing a church in Edgefield.

Austin Pastor to Preach in Avenue Church Tomorrow

Rev. Dr. R. E. Shuler of the University Methodist church of Austin will preach at the morning service in the Austin Avenue Methodist church tomorrow. Rev. Dr. Shuler is a state probation lecturer and his subject Sunday morning will probably deal with this phase of right living in some manner.

Dr. Shuler is well known here and is remembered by many Waco people as being the leader in one of the greatest revivals ever held here among the Methodists. He is one of the great pulpits orators of the state and is also well known over the state as a leader in the prohibition movement. He will speak at the 11 o'clock service.

**EXPLOSION OF GAS SHATTERS WINDOWS JEWISH SYNAGOGUE**

Considerable damage to windows of Temple Rodef Shalom was caused at 3:30 yesterday afternoon by an explosion of gas in a furnace used for heating the building. The explosion was caused by insufficient draft in the furnace, which caused gas to accumulate, it being ignited when the janitor of the building opened the door to investigate. According to findings in an investigation yesterday afternoon conducted by the gas fitting firm which installed the gas appliances in the furnace and the Texas Power and Light company.

The janitor, a negro, was severely burned about the face and hands. The damage to the building was confined chiefly to shattered window panes.

A committee was also appointed to further investigate the amendment to the charter which, if passed, would call for seven commissioners instead of five and for the city commission to have jurisdiction to select all city officers and employees with the exception of the waterworks department and the public education department.

This amendment was adopted by the charter committee the early part of the year but has never been passed on to the city commission.

Members of the committee who were appointed are representatives of the six wards from which the charter is made up.

They are: First ward, C. Carley; second ward, Judge Marshall Surratt; third ward, J. T. Johnson; fourth ward, R. H. Rogers; fifth ward, W. T. Moore, and sixth ward, Frank T. West.

A motion was made and passed which called for reconsidering the amendments to the constitution in regard to the payment of city taxes and to the board of health regulations.

The amendments were brought up at the last meeting and adopted but will not be certified to the city commission until after the next meeting of the committee.

J. W. Murphy, J. F. Smartt and J. O. Hall, a committee representing the Waco Dental Society, appealed asking that a dentist be included on the city board of health. Mr. Hall acted as chairman of the committee and told of some of the reasons why the dentists felt it advisable to have such a representative on the board.

According to Mr. Hall other larger cities are placing dentists on their health boards and that the need of such a representative is becoming evidenced more every day.

Want Dentist on Board of Health.

"It is of no personal good that the Waco Dental Society has made such a request," said Mr. Hall. "It has been tried in large cities with good results."

Statistics show that a large number of tubercular cases can be traced direct to the infections of the mouth. Many other diseases are due to this cause. Dentists of today are not what they were seven or eight years ago. They are more qualified and have a strong medical foundation.

It is this kind of work that the Waco Dental Society would like to see placed on the board.

## MART HI GIRLS WIN FROM WACO 13 TO 12 IN EXCITING GAME

The Mart Hi school girls' basketball team staged a surprise party last night by beating the veteran Waco Hi girls' team in the Y gym by the close score of 13 to 12. The game was one of the fastest and most exciting ever played in Waco.

There were many fouls on both sides, but aside from a little rough play at times the game was enjoyable from start to finish and well worth watching. inability of the Waco girls to hit the basket at critical times enabled the visitors to keep ahead, the game proving themselves the fastest feminine aggregation that the locals have met to date.

Great enthusiasm was manifested by the roosters for both teams, a good-natured delegation coming over from Mart for the occasion. The Waco girls showed themselves to be good sportswomen and declare that they will have Mart's scalp at the next opportunity.

### Temple Hi to Meet Waco Boys Tonight in "Y" Gymnasium

Although confident that his men have an excellent chance to defeat Temple Hi tonight, Coach Smith of the Waco Hi basketball team has given giving brisk workouts this week in order to keep his men on edge. The game will be played in the Y gym at 8 o'clock tonight and one of the fastest games of the season is anticipated.

The line-up that has proven victorious before will be started, Captain Knebel and Megarry forward; Roger Center, Ben Davis Hill and guard; guards, Tom Lee, captain of the football star, will be held in reserve as forward and in case he enters the game Coach Smith probably will shift Knebel to his position at center, keeping Roberts on the side line. It is probable that most of the line-up team will be given a chance if Waco can get an early lead.

Charles Braus has been selected as referee.

The Temple line-up has not been received but it is known that they have a good heavy team.

### Willard and Jones Leave for Chicago to Meet Curley

By the Associated Press.  
Kansas City, Mo., Jan. 21.—With the intention of concluding arrangements for a championship bout in March and April and perhaps another fight later, Jess Willard, boxer under whose heavy weight he has fought, and Tom Jones, his manager, left here tonight for Chicago, where they will meet Jack Curley.

"I'm ready to meet anybody they bring on," said Curley. "I want at least one fight before summer and maybe another if the dates are satisfactory."

It was intimated that should the signature of Frank Moran not be forthcoming to the proposed contract for a bout in New York, that Fred Fulton might be substituted.

### Elks and Y. M. C. A. Win on Home Alleys

Home teams were both victorious last night in the City Bowling League, from Elks taking the straight games from Elks King and Columbus and the Y. M. C. A. humbling the D. C. V. in the same manner. Only one pin separated the victor and vanquished, however, in the Noland Samuel J. Ryan and Alfred Hickman have particularly difficult and unadmirable parts, and play them admirably.

Noland leads his fellow workmen in the strike against the street railway company, but is good of judgment and discourages all shows of violence. A political leader, Noland, in league with the company offers Noland a bribe to get them back to work; Noland knocks him down and Duprey takes him to Judge Bertlemy demanding that he be taken to prison. This is the beginning of a long, bitter struggle between the two corruptors and Noland. A reporter on a big daily takes up the case and befriends Noland. Both men are forced to leave the city, and with them goes Bertlemy attacks Noland's young wife. The following events rush swiftly to a tremendous climax, and the portrayal of the methods by Noland and the reporter, Brand, expose the two politicians is strikingly and vividly effective. This splendid story of labor and the press will show at the Hippodrome today only.

### HIPPODROME.

#### "The Fourth Estate."

"The Fourth Estate," a Fox film showing at the Hippodrome today, is said to be the first successful newspaper story ever screened. There can be no doubt that the atmosphere of the great newspaper offices is faithfully portrayed, for the scenes were made in the offices and mechanical departments of the Chicago Herald, Clifford Bruce, co-starring with Ruth Blair, has the part of the young employee of the street railway company who leads the strikers and Victor Benoit is the reporter who covers the item for his paper. Before the trouble is ended the question of the freedom of the press is involved and the play becomes a "newspaper" story.

Clifford Bruce is well known to admirers of Fox films, having appeared in many of them. But he admits that he has never been inside of a picture show in person. Miss Ruth Blair is one of the prettiest of the younger stars of the screen and does splendid work as the young wife of Noland. Samuel J. Ryan and Alfred Hickman have particularly difficult and unadmirable parts, and play them admirably.

## MART HI GIRLS WIN FROM WACO 13 TO 12 IN EXCITING GAME

The Mart Hi school girls' basketball team staged a surprise party last night by beating the veteran Waco Hi girls' team in the Y gym by the close score of 13 to 12. The game was one of the fastest and most exciting ever played in Waco.

There were many fouls on both sides, but aside from a little rough play at times the game was enjoyable from start to finish and well worth watching. Ability of the Mart girls to hit the basket at critical times enabled the visitors to keep ahead, the Martians proving to themselves the fastest feminine aggregation that the locals have met to date.

Great enthusiasm was manifested by the spectators for both teams, a good-sized delegation coming over from Mart for the occasion. The Waco girls showed themselves to be good sportswomen and declare that they will have Mart's scalp at the next opportunity.

### Temple Hi to Meet Waco Boys Tonight in "Y" Gymnasium

Although confident that his men have an excellent chance to defeat Temple Hi tonight, Coach Smith of the Waco Hi basketball team has given back workouts this week in order to put his men on edge. The game will be played in the Y gym at 8 o'clock tonight and one of the fastest games of the season is anticipated.

The line-up that has proven victorious before will be starting captain Knebel and McGrath, forward Roberts, center: Davis, Hill and Prinzing, guards: Ben Lee, Boynton, the football star, will be held in reserve as forward and center enters the game. Waco's Smith probably will shift back to his old position at center, keeping Roberts on the side line. It is possible that most of the second team will be given a chance if Waco can get an early lead.

Charles Braun has been selected as referee. The Temple line-up has not been revealed but it is known that they have a good heavy team.

### Willard and Jones Leave for Chicago to Meet Curley

By the Associated Press.

Kansas City, Mo., Jan. 21.—With the intention of concluding arrangements for a championship bout in March and April, perhaps another fight later, Jess Willard, holder of the world's heavyweight pugilistic title, and Tom Jones, his manager, left here tonight for Chicago, where they will meet Dick Curley.

"I'm ready to fight anybody they bring on," Willard declared. "I want at the first fight before summer and maybe another if the dates are satisfactory."

It was intimated that a signature of Frank Moran may be forthcoming to the proposed contract for a bout in New York, that Fred Fulton might be substituted.

### Elks and Y. M. C. A. Win on Home Alleys

Home teams were both victorious last night in the City League, the Elks taking three straight games from the Knights of Columbus and the Y. M. C. A. humbling the D. C. V. in the same manner. Only one pin separated victory and vanquished, however, in the first and vanquished. The scores:

## JOHN MAXWELL SPEAKS AT HIGH SCHOOL CLUB

CITY OFFICIAL TELLS BOYS OF IMPORTANCE OF COMMON THINGS OF LIFE.

Supper Served by Young Women. Young Boys of High School Have Weekly Meeting Tonight.

Last night at the weekly meeting of the older boys' high school club Hon. John Maxwell spoke to the members of the club and chose for his subject "The Common Things in Life." Mr. Maxwell, who was a teacher in the high school a few years ago, is a student of boy life and in his message last night explained the greatest and most important things in life are just the common things we meet with each day. He suggested that one of the great ways to be well informed on any subject was to read daily papers and not only read the editorials but to study them.

A large number were present to hear Mr. Maxwell. The supper which consisted of roast pork, creamed potatoes, salmon salad, brown gravy, baked apples and bread, was in charge of Misses Lois Smyth, Winnie Spruce, Ruby Gillis and Erin McDaniel.

Wm. Baine, president of the club, announced that the coming week Dr. K. H. Ainsworth would be the speaker, his subject would be "Sex Hygiene," and that the meeting next week the program committee which consists of Joe Seudler, Davis Hill and Wilburn Knebel would announce the programs for the meetings to be held during the next month.

**Junior Boys Have Meeting Tonight.**

The younger boys in high school will have their weekly meeting tonight in the banquet room of the Y. M. C. A. Prof. C. O. Calloway will lead them in a discussion of some of the problems they are meeting with in school.

**Lakeview Girls Canning Club to Meet Next Week**

The Lakeview Girls' Canning club will hold an open session Wednesday night at which time an entertaining and instructive program has been planned by those in charge of the work at that place. A stereopticon lecture will be among the features on the program and will be led by Mrs. M. B. Davis. Mrs. Davis has a number of slides pertaining to bird life and these will be used in her lecture on preservation of birds. Mrs. J. L. Landrum has also consented to the use of a number of slides belonging to her on various phases of interest to the club members and a local picture theatre will be asked the use of slides also.

The prophecy of the future of the club will be made by Miss Marguerite Wyant, secretary of the club, and an address on what the club is doing will be made by Miss Louise Pardo, president. Music and readings will also be used to an advantage and to the entertainment of the visitors.

The Lakeview club was one of the first to be organized by Mrs. Landrum in the recent campaign throughout the county and is one of the most enthusiastic of the clubs. Mrs. C. Shumway is co-operating in carrying out the program of the Lakeview club and will be in charge of the session next Wednesday night. The public is invited to attend the meeting and help by kindly constructive criticism the upbuilding of the organization.

Mrs. Shumway, through the columns of the News, wishes to correct the wrong impression of the date of the meeting gained through an erroneous statement published yesterday afternoon in which the date was given as last night. The meeting will be held next Wednesday night at 7:30.

**Express Messenger Not Thought to Be Seriously Injured**

Thomas L. Tanner, the express messenger who was knocked unconscious while leaning out of his car west of Gatesville Thursday afternoon, is progressing nicely according to attending physicians. While he was unconscious he could not be heard by those attending him, it is thought that the skull was not fractured as was at first feared and that the jar caused by his head being struck against a passing freight car caused only a clot to form on the brain and that this would be absorbed. The injuries are not such that it is likely to cause fatal results and it is probable that the young man will soon be out of the sanitarium.

That hotel's prospects for a successful future and that the hotel will be a credit to Waco is declared by Mr. Pellow, who will put forth every effort to have the Riggins become the center of commercial and social life of this city. Mr. Pellow is the proprietor of the Plymouth hotel at Chicago and the Parkside hotel at Keweenaw, Mich. He is well known in some portions of Texas, having superintended the installing of the Harvey concessions at El Paso.

Thomas Reilly, assistant real estate officer of the Mercantile Trust company, left last night for his home in St. Louis. Mr. Reilly has been in charge of the Riggins since the return to St. Louis of J. B. Mohr and A. H. McMillon, who were here when the Mercantile Trust company purchased the property.

The syndicate now in charge purchased the Riggins January 4, when the property was sold at a receiver's sale, as a result of judgments in the seventy-fourth district court. Mr. Pellow purchased the furnishings of the building from Albert Pick.

Associated with Mr. Pellow in the Central Texas Hotel company, presidents of the hotel are H. E. Koehler and J. Pool, Chicago capitalists, and B. N. Johnson, retired hotel man of the same city. Mr. Pick is also heavily interested in the new concern.

Officers for the year have been elected by the Deutscher Central Verein as follows: G. H. Luedde, president; Ernest Winkler, vice president; E. Keilner, corresponding secretary; C. Maesander, financial secretary and treasurer. The board of directors as elected is composed of M. Adam, Ed Bauerle, J. P. Bahl, E. C. Wosnig and George Henjes.

## JOHN MAXWELL SPEAKS AT HIGH SCHOOL CLUB

CITY OFFICIAL TELLS BOYS OF  
IMPORTANCE OF COMMON  
THINGS OF LIFE.

Supper Served by Young Women  
Younger Boys of High School Have  
Weekly Meeting Tonight.

Last night at the weekly meeting of the older boys' high school club Hon. John Maxwell spoke to the members of the club and chose for his subject "The Common Things in Life." Mr. Maxwell, who was a teacher in the high school a few years ago, is a student of boy life and in his message last night explained the greatest and most important things in life are just the common things we meet with each day. He suggested that one of the great ways to be well informed on any subject was to read daily papers and to not only read the editorials but to study them.

A large number were present to hear Mr. Maxwell. The supper which consisted of roast pork, creamed potatoes, salmon salad, brown gravy, baked apples and bread, was in charge of Misses Lois Smyth, Winnie Spruce, Ruby Gillis and Erin McDaniel.

Wm. Baime, president of the club, announced that the coming week Dr. K. H. Ainsworth would be the speaker, his subject to be "Sex Hygiene," and that at the meeting next week the program committee which consists of Joe Seudler, Davis Hill and Wilburn Knebel would announce the programs for the meetings to be held during the next month.

**Junior Boys Have Meeting Tonight.**

The younger boys in high school will have their weekly meeting tonight in the banquet room of the Y. M. C. A. Prof. C. O. Calloway will lead them in a discussion of some of the problems they are meeting with in school.

**Lakeview Girls Canning Club to Meet Next Week**

The Lakeview girls' Canning club will hold an open session Wednesday night at which time an entertaining and instructive program has been planned by those in charge of the work at that place. A stereopticon lecture will be among the features on the program and will be led by Mrs. M. H. Davis. According to Mr. Pellow the hotel will be redecorated and re-equipped and will compare with any of the leading hotels in this section of the country. Plans are under way for several new features. Starting at an early date afternoon dances will be held at the hotel. A string of electric lights will put around the exterior of the third floor.

That hotel's prospects for a successful future and that the hotel will be a credit to Waco is declared by Mr. Pellow, who will put forth every effort to have the Riggins become the center of commercial and social life of this city. Mr. Pellow is the proprietor of the Plymouth hotel at Chicago and the Parkside hotel at Kewanee, Ill.
